

Corporate governance:-

Sudanese French Bank Corporate Governance Philosophy has been developed within the directives and guidelines of the Central Bank of Sudan, Khartoum Stock Exchange,

and the Commercial Companies Law of Sudan. The four universal values synonymous with corporate governance, accountability, fairness.

The basic framework of the bank's corporate governance requires that the Board of Directors and managers shall:

- Maintain the highest standard of corporate governance and regulatory compliance.
- Promote transparency, accountability, responsiveness and social responsibility
- Conduct its affairs with its stakeholders, customers, employees, investors, vendors, government and the society at large in all fairness and in an open manner. Create an image of the Bank as a legally and ethically compliant entity
- in an open manner.
